Safety Tips and Recommendations

Sleep Safety	<ul style="list-style-type: none">● Put him to sleep on back, if he rolls onto his stomach by himself then he can stay there.● Put down awake so the baby learns how to put himself to sleep.● It is safe for babies to cry and fuss for 15-20 minutes as they put themselves down to sleep.
Car and Outdoor Safety	<ul style="list-style-type: none">● Rear facing in back seat until at least 2 years of age● Keep the baby out of direct sunlight. The baby is too young for sunscreen at this age.
Food Safety	<ul style="list-style-type: none">● No honey until the baby is over 1 year old.● Avoid drinking hot liquids when holding a baby.
Indoor Safety	<ul style="list-style-type: none">● Start baby proofing the home! It is never too early. Cover outlets. Put up gates at the stairs.● Never leave the baby unattended on a raised surface (such as bed, sofa or changing table) due to fall risk.● Remove small toys, marbles, game pieces, loose change and other choking hazards from the baby's reach.● Lower the water heater temperature in your home to 120°F or less, to prevent accidental burns.
